

Raintree Square set to spearhead retail, leisure scene at The Isthmus

KUCHING: Raintree Square is set to spearhead the retail and leisure scene at The Isthmus, as it has been envisioned to be the centrepiece and catalyst for leisure and lifestyle in the area.

Yesterday's handing-over of 18 units of Raintree Square to UCSI Peterson Properties Sdn Bhd (UCSI), a member of UCSI Group, marked a special day in the transformation of The Isthmus as it pivots from a workplace and education point during the day, into a hub of activity at night.

UCSI took possession of the keys for 18 units of commercial shophouses at Raintree Square from CMS Land Sdn Bhd.

In the last few years, The Isthmus has started to blossom, and this is the latest transformation of an area that will become an iconic venue in Kuching, boasting eateries, retail outlets and entertainment outlets, all set on the backdrop of the majestic Sarawak Riverfront.

CMS Property Development Sdn Bhd (CMS Property Development) executive director/ chief executive officer (CEO) Vincent Kueh handed over a symbolic key to UCSI Campio Builders Sdn Bhd's project director Goh Tze Meng at the central atrium of Raintree Square.

With the purchase of 18 units of two blocks strata titled three-storey commercial shophouses at The Isthmus' Raintree Square, UCSI is looking to expand their existing campus and to accommodate their growing number of curricular activities.

"The expansion of UCSI into Raintree Square will create fantastic opportunities for complementary businesses such as food and beverage (F&B) and other attractive retail outlets.

"It also symbolises the growth of The Isthmus as Kuching's newest central business district, reflecting the growing confidence of investors to invest in this area,"

Kueh said.

The Isthmus is evolving into an exciting and dynamic development where one will see and experience an integrated development with a high-tech business centre, an education centre, a lifestyle F&B hub, a convention centre, international hotels, retail malls and shopping outlets.

To cater to the growth of The Isthmus, potential shopowners or investors are welcome to purchase units at Raintree Square. Raintree Square three-storey commercial shops are strata titled and ready with occupational permits.
